Short Description

Star S-770P Pressure Feed Spray Gun is a full size gun that offers stainless steel needle and nozzle, adjustable fan control. Designed for use with pressure pots and double diaphragm pumps only.

Description

Star S-770P Pressure Feed Spray Gun is a full size gun that offers stainless steel needle and nozzle, adjustable fan control. Designed for use with pressure pots and double diaphragm pumps only

This gun will not work if you connect a 1 litre suction pot. Pressure feed guns are designed for use with either a pressure pot or double diaphragm pump system feeding the paint via a twin air/fluid hose to the gun.

Suitable product applications: (Guide Only) - **2K, Enamel, Polyurethane and Basecoat**

Nozzle sizes available for this gun are 1.2mm & 1.5mm only.
