Short Description

A step up from the handheld XVLP sprayer, this stationary unit is also ideal for smaller projects, repairs and touch ups, as well as fine finishing work.

Description

Kit includes FC5000 XVLP unit with two Spray Attachments – Standard Spray Attachment, Fine Finish Spray Attachment (both with 1ltr metal container), and 5m air hose with metal handle. The perfect entry level fine finishing system, with automatic shut off for long service life and low noise operation. Precise control at your fingertips.
