Short Description

Made in the USA using high quality aircraft grade aluminium and features a hand tight nut design which requires no tools to fit onto your gun. Pressure Rated to 4200psi.

Description

Atomex 90 Degree Angle Adaptor – 7/8” Thread

This will suit all airless spray guns & extensions with 7/8” Nut or "G" thread

Made in the USA using high quality aircraft grade aluminum and features a hand tight nut design which requires no tools to fit onto your gun. Atomex 260 degree swivel heads are designed to fit onto any gun or pole extension with “F thread nut” to change the direction of the spray head. The right angle design adaptor allows the pole to extend from the gun at the same angle as the handle improving operator comfort and efficiency.

Maximum working pressure is 4200psi, suitable for all electric and petrol driven airless spray systems.

90 degree angle adaptors can be joined onto the end of both gun extensions and gun extension poles if required.
