Description

Atomex HSP Airless Spray Gun with X35-ET 517 Reversible Tip

The HSP airless spray gun is the ideal low cost replacement gun or back up gun if you just don't want to spend too much money but still require quality. Pressure rated to 3600psi, it comes with a 1/4" hose connection and 360 degree swivel, so it will fit onto any brand airless paint hose.

The tip and tip guard will interchange with all Atomex, Graco Rac V, Wagner and Titan tips and uses the standard "G" thread or 7/8" tip guard thread.

The ultimate low price quality replacement airless spray gun that will last.
