\$19.60

Product Images

Short Description

Atomex 3/16" 4000psi Rated Airless Paint Spray Hose includes 1/4" NPT Female Fittings that will connect to any airless paint sprayer and gun.

Description

Atomex 3/16" 4000psi Rated Airless Paint Spray Hose is slightly thinner than standard airless paint hose.

Shorter lengths can be connected to your airless spray gun to reduce the weight of standard 1/4" hose which will reduce operator fatigue when spraying. A typical scenario would be to connect a 2.5m x 3/16" Whip Hose between the fitting on your spray gun and the end of your standard 1/4" airless paint hose. The lighter 3/16" hose will reduce operator fatigue, be more flexible and still have enough flow for most paints.

Atomex 3/16" 4000psi rated airless paint hose (or whip hose) are available in a variety of custom lengths. Compatible with all brands of airless spray gun, airless sprayers and airless paint hoses.

Airless paint spray hoses can be joined together using a joining nipple to make a longer length but please check the specifications of the airless paint sprayer that you have to ensure you do not exceed the maximum length recommended.

Atomex Part No. AX/05-700-075 Replaces Graco Part No. 241698

Atomex Part No. AX/05-700-045 Replaces Graco Part No. 214981

Atomex Part No. AX/05-700-020 Replaces Graco Part No. 238359

Atomex Part No. AX/05-700-015 Replaces Graco Part No. 238959

Atomex Part No. AX/05-700-010 Replaces Graco Part No. 238358

DO NOT apply thread tape to the fitting on your airless spray gun or joining nipple, airless paint hoses use seated fittings and **DO NOT** require thread tape. Using thread tape may cause damage to the fitting on the airless paint hose and will probably cause it to leak.
