Short Description

Atomex AX/GM-60001 Suction Valve Complete will suit all models of Atomex GM-60E, GM-70G, LM-70, Oldfields EL-600, GE-700 & Seiwa S60E airless sprayers and line marking machines.

Description

Atomex AX/GM-60001 Suction Valve Complete, simple replacement of a suction valve, unscrew the old worn suction valve and replace with a new suction valve. This part can be referred to as an "Inlet Valve" or a 'Suction valve.

Suction valves are a critical component in diaphragm airless sprayers, wear & tear on the cone and seat will result in loss of pressure or can cause the pump to struggle when trying to build pressure.

Does not include gasket [AX/GM-60002](#)

Atomex AX/GM-60001 Suction Valve Complete will suit -
