Short Description

The Atomex 20 Litre Steel Hopper with Return Pipe, suitable for all Atomex GM-60E, GM-70G Airless Sprayers and LM-70 Line Marker.

Description

This item is no longer available.

The Atomex 20 Litre Steel Hopper with Return Pipe is suitable for all Atomex GM-60E, GM-70G Airless Sprayers and LM-70 Line Marker.

20 Litre Hopper includes return tube and filter/strainer. Useful for small jobs or fast colour changing because the paint can be run right down to the end. Hoppers are very quick and easy to clean compared with flushing a machine through the standard suction hose.

This hopper can be used with the following models of airless sprayer –

Atomex Models:

GM-60E, GM-70G, LM-70

Oldfields Models:

EL-600, EL-700, GE-600, GE-700, GE-700 Line Marker

Seiwa Models:

S-60E

Manufactured in Australia with global components by Atomex.

Atomex is Australian owned.
