Description

Graco 190 PC Express Stand Airless Unit Offering great value for money as an entry level or back up airless spray unit. Comes with 7.5m hose and SG3 Spray Gun.

Graco's 190 PC Express electric airless sprayer is an ideal choice for the beginning painting professional. Its compact, lightweight design weighs less than 14 Kg, and it's built tough to handle everyday use in small interior and exterior paint projects, repainting and new construction.

Made in the USA with Global Components.

Features

- ProConnect™ Pump Replacement System - Quickly and easily exchange the pump for a replacement. Replace pump in 3 simple steps. Keeps the sprayer in service by avoiding costly downtime
- Proven Endurance™ Pump - Long-life V-Max™ packings, Chromex™ rod and hardened stainless steel cylinder equates to less downtime QuikAccess™ intake valve to easily clean or clear debris keeps the customer spraying
- Suction Set inlet suction hose easily reaches paint buckets or cans.
- Pressure Control allows for easy adjustment of spray pressure for a wide variety of coatings.
- QuikAccess intake valve requires only a hammer to access the intake ball to easily clean or clean debris.
