DEVILBISS®

Short Description

DeVilbiss Advance HD Trans-Tech pressure feed spray gun has a balanced air valve design for lighter trigger pull and improved air flow. Trans-Tech Compliant air caps provide superior finish with less over spray.

Description

DeVilbiss Advance HD Trans-Tech pressure feed spray guns are a compliant mid sized gun designed for use with paint pressure pots and double diaphragm pumps to deliver automotive high quality finishing for industrial paint applications with less over spray.

DeVilbiss expertise and performance is unequalled in the industry!

Advance *HD* unrivalled high performance is achieved with new design technology utilising high capacity air passages with a separate “balanced” air valve to provide an unrestricted flow of compressed air through the gun body. This “free breathing” air movement enables the precision-engineered air caps and fluid tips to produce superior atomisation with consistent even distribution throughout the spray pattern. DeVilbiss Advance *HD* is precision built using the best materials and component parts for a guaranteed, reliable, long and durable working life in all industrial markets.

DeVilbiss Advance HD Pressure Feed Spray Gun – Naturally comfortable

Light weight with a lighter trigger action and increased finger room. DeVilbiss Advance *HD* is perfectly balanced and naturally comfortable thanks to the fit and feel of the contoured handle design. It greatly reduces operator fatigue and significantly lessens the chances of RSI or finger problems. Comfort that pays off by increasing productivity wherever DeVilbiss Advance spray guns are used, whether it's a small finishing operation or a high volume production line.

DeVilbiss Advance HD Pressure Feed Spray Gun Features –

- Robust, Lightweight and work friendly design for High Demand outputs
- Balanced air valve design for lighter trigger pull and improved air flow
- Trans-Tech Compliant and HVLP air caps provide superior finish with the best possible paint savings and transfer efficiency
- Contoured handle design – Greatly reduces RSi and operator fatigue
- Stainless Steel tips, needles and fluid passageways as standard
- CE marked and fully ATEX approved.

DeVilbiss Advance HD Gravity Spray Gun Needle & Nozzle Options –

Size	Part No. Fluid Nozzle	Part No. Fluid Needle	Material
0.85mm	SP-200S-085-K	ADV-310-085-K	Stainless Steel
1.0mm	SP-200S-10-K	ADV-310-10-K	Stainless Steel
1.2mm	SP-200S-12-K	ADV-310-12-K	Stainless Steel
1.3mm	SP-200S-13-K	ADV-310-13-K	Stainless Steel
1.4mm	SP-200S-14-K	ADV-310-14-K	Stainless Steel
1.6mm	SP-200S-16-K	ADV-310-16-K	Stainless Steel
1.8mm	SP-200S-18-K	ADV-310-18-K	Stainless Steel
2.0mm	SP-200S-20-K	ADV-310-20-K	Stainless Steel

2.2mm	SP-200S-22-K	ADV-310-22-K	Stainless Steel
