Short Description

The Graco GH 300 Convertible sprayer is the hydraulic solution for medium to large jobs where proven

hydraulic power is demanded to get the job done every time. And like the GH 130 Convertible, you'll have the ability to change out the pump lower and convert to electric power without tools on the job site. Outfitted with a reliable Honda 270cc engine.

The ProContactor Series features QuickReel - integrated QuikReel you can deploy and rewind up to 300 feet of hose in seconds, letting you put the sprayer where you want it and the gun where you need it.

Description

The Graco GH 300 Convertible sprayer is the hydraulic solution for medium to large jobs where proven hydraulic power is demanded to get the job done every time. And like the GH 130 Convertible, you'll have the ability to change out the pump lower and convert to electric power without tools on the job site. Outfitted with a reliable Honda 270cc engine.

The ProContactor Series features QuickReel - integrated QuikReel you can deploy and rewind up to 300 feet of hose in seconds, letting you put the sprayer where you want it and the gun where you need it.

High Efficiency Hydraulic Motor

- Faster and a more responsive changeover
- High precision pressure control
- 100% O-Ring sealed fittings to prevent leaks
- Fewer moving parts for easier maintenance and a longer life

High Capacity Cooling System

- Innovative Hydraulic reservoir design
- Runs more than 20% cooler than competition
- No special hydraulic fluid needed
- Cooling fins on the reservoir deflect heat away from unit
- Easy-to-use drain plug

Rugged Honda Engine (270 cc)

- Ideal for high production
- Can spray the heaviest materials
- High-Efficiency Hydraulic Motor
- Fewer moving parts for easier maintenance and a longer life

Extreme Duty MaxLife Pump

- Delivers unmatched durability and life
- Lasts 6X longer between repacks!
- ProConnect Pump Removal and Installation System makes it easy and fast to replace the pump.

Easy Out Pump Filter

- Designed to filter from the inside out
- Filters won't get stuck or collapse when filled with dirt or debris
- Less clogged filters with easy out design
- Vertical filter removes with the cap for less mess
