Short Description

Atomex pressure gauge 6000psi with 1/4" bottom entry can be used on all airless sprayers. Liquid filled gauges reduce needle vibration and extra large font makes it easy to read

Description

Atomex pressure gauges will suit all airless sprayers, bottom entry with 1/4" fitting will fit most manufacturers "tee pieces" or gauge ports.

Atomex Pressure Gauges Feature –

- BSP Threads – Suitable for all airless sprayer connections on brands such as Airlessco, Atomex, ASM, Binks, Graco, Wagner and Titan.
- Filled with liquid glycerine to reduce needle vibration.
- Standard 63mm diameter
- Stainless steel casing
- Extra large font for easy reading
- PSI only, no confusion by having split psi/bar measurement
- Pressure gauges are also called Manometer by Wagner
- Pressure rated to 6000psi
