Description

Graco RACX Fine Finish Low Pressure, FFLP SwitchTips

Graco Fine Finish Low Pressure Tips have a Pre-Orifice design that improves the overall finish quality with finer atomization and soft edges for overlapping. Fine Finish Low Pressure Tips atomize the paint twice, for higher quality while spraying at up to 50% lower pressure. Featuring patent pending SmartTip Technology, Graco's exclusive internal tip geometry reduces the energy required to atomize your favorite paints, stains, and other materials – delivering a superior finish with less pressure. Works with any airless sprayer.
