SpitWater HP151 is the perfect machine for a commercial setting. Built with high quality components the SpitWater HP151 is renowned for its outstanding longevity. Coupled with the standard high quality 3/8 inch hose and gun with adjustable nozzle the SpitWater HP151 is the perfect machine for commercial use.

Spitwater high pressure water cleaners are specifically designed to solve all problems relating to washing, degreasing, descaling and disinfecting in a wide range of commercial and industrial situations. Their main applications are in the cleaning, building, transport, light and heavy manufacturing and primary industries.

Complete package comes with adjustable lance and 10m high pressure hose.

Spitwater cleaners offer high performance, efficiency and world class after sales service and spare parts back-up.

Please Note: Three Phase 415 Volt power supply is required.

Features:

Interpump with Ceramic Pistons and Brass Head and 1450 RPM Low Speed

- Longer pump life, non corrosive pump head
- Reduced maintenance costs

Inlet Water Filter

- Stops debris from scoring pistons and seals

Pressure Gauge

- Easily monitor pump performance

Powder Coated Zinc Annealed Chassis

- Resistant to corrosion

Water By-Pass Cool Tank

- Reduces potential damage to the pump in bypass
