Short Description

SpitWater HP12-110DTS is the perfect machine for a commercial setting.

Description

SpitWater HP12-110DTS is the perfect machine for a commercial setting. Built with high quality components the SpitWater HP12-110DTS is renowned for its outstanding longevity. Coupled with the standard high quality 3/8 inch hose and gun with adjustable nozzle the SpitWater HP12-110DTS is the perfect machine for commercial use.

Spitwater high pressure water cleaners are specifically designed to solve all problems relating to washing, degreasing, descaling and disinfecting in a wide range of commercial and industrial situations. Their main applications are in the cleaning, building, transport, light and heavy manufacturing and primary industries.

Complete package comes with adjustable lance and 10m high pressure hose.

Delayed Total Stop feature on this model protects pump seals from overheating when machine is in bypass (trigger closed mode) by putting machine in suspense, ensuring longer pump life and less maintenance.

Spitwater cleaners offer high performance, efficiency and world class after sales service and spare parts back-up.

Please Note: 15 amp power supply is required.

Features:

Interpump with Ceramic Pistons and Brass Head and 1450 RPM Low Speed

- Longer pump life, non corrosive pump head
- Reduced maintenance costs

Inlet Water Filter

- Stops debris from scoring pistons and seals

Pressure Gauge

- Easily monitor pump performance

Powder Coated Zinc Annealed Chassis

- Resistant to corrosion

Delayed Total Stop

- Puts machine in suspense when not used
