Short Description

Graco Bluemax II 3300psi 1/2" Airless Paint Hose is a larger ID paint hose used for airless sprayers with high flow capacity.

Description

Graco Bluemax II 3300psi 1/2" Airless Paint Hose is a larger ID paint hose used for airless sprayers with high flow capacity..

Airless paint spray hoses can be joined together using a joining nipple to make a longer length but please check the specifications of the airless paint sprayer that you have to ensure you do not exceed the maximum length recommended.

Graco Bluemax II 1/2" Airless Paint Hoses Feature -

- Light weight and flexible - over 10% lighter weight and increased hose flexibility improves usability while spraying under pressure.
- Highest safety standards - conductive core meets the highest world-wide safety standards unlike competitive ground wire hose designs.
- Minimal hose coil memory - superior flexibility and reduced coil memory provides ease of use during coiling and uncoiling.
- Corrosion resistant - yellow zinc plated spring guards are more corrosion resistant.
- Available in a wide variety of lengths and diameters - 3/16 inch (4.8 mm), 1/4 inch (6.3 mm), 3/8 inch (9.5 mm).

Graco Bluemax II 1/2" airless paint hoses are available in the following sizes -

Graco Part No. 277253 - 1/2" x 50ft (12.4mm x 15m) Paint Hose 1/2" F-F

DO NOT apply thread tape to the fitting on your airless spray gun or joining nipple, airless paint hoses use seated fittings and **DO NOT** require thread tape. Using thread tape may cause damage to the fitting on the airless paint hose and will probably cause it to leak.
