Short Description

Bastion Microporous Disposable Coveralls are a lightweight breathable polypropylene material with hood and elastic waist, cuff and ankle. Very durable, high quality disposable coverall and used by many spray painting applicators.

Description

Bastion Nitrile Powder Free Disposable Gloves provide outstanding resistance against many commonly used chemicals. Fully Textured for excellent wet and dry grip suitable for use with solvents.

100 Gloves Per Box

Bastion Nitrile Powder Free Disposable Gloves Feature –

- Examination gloves
- Ambidextrous
- Beaded Cuff - Providing additional strength & preventing liquid roll off
- Latex free
- Our gloves are no less than 0.15mm thick on the finger and palm giving them increased puncture resistance and chemical breakthrough time
- Superior barrier protection over latex and vinyl
