Short Description

SpitWater HP251A is the perfect machine for a commercial setting.

Description

SpitWater HP251A is the perfect machine for a commercial setting. Built with high quality components the SpitWater HP251A is renowned for its outstanding longevity. Coupled with the standard high quality 3/8 inch hose and gun with dual lance the SpitWater HP251A is the perfect machine for commercial use.

Spitwater high pressure water cleaners are specifically designed to solve all problems relating to washing, degreasing, descaling and disinfecting in a wide range of commercial and industrial situations. Their main applications are in the cleaning, building, transport, light and heavy manufacturing and primary industries.

Complete package comes with 10m 3/8" wire braided high pressure hose, gun and dual front lance with Hi-Lo valve.

Features:

Oz-tuff Belt Drive

- 15% more power available than a gearbox
- No more Gearbox Oil Leaks (maintenance free)

Interpump with Ceramic Pistons and Brass Head

- Longer pump life, non corrosive pump head
- Reduced maintenance costs

Inlet Water Filter

- Stops debris from scoring pistons and seals

Pressure Gauge

- Easily monitor pump performance

Powder Coated Zinc Annealed Chassis

- Resistant to corrosion

Water By-Pass Cooling Tank

- Reduces potential damage to the pump in bypass
