Short Description

The Binks AA4400M air assisted airless spray gun has been designed with the operator and environment in mind. The best air assisted airless spray gun on the market, superior quality with a superior spray finish.

Description

The Binks AA4400M air assisted airless spray gun has been designed with the operator and environment in mind.

The Binks AA4400M spray gun will handle the toughest spray jobs in all industrial markets whilst providing the best fit, feel and the comfort operator's demand. The spray gun is standard with the Trans-Tech© air cap operating at lower fluid and air pressures than competitors to achieve an exceptionally fine finish with superior paint savings and lower energy consumption.

This very versatile spray gun is ideal for spraying wooden products, furniture, heavy plant, commercial vehicle chassis, agricultural machinery, aircraft etc.

Operator fatigue and the risk of RSI are considerably reduced due to the lightweight, light trigger pull and gun styling.

Binks AA4400M Air Assisted Airless Spray Gun Features-

- Unique Trans-Tech air caps provide a "Softer fine spray" for superior finish quality and higher transfer efficiency than competitors
- Lightweight and Operator friendly design with lighter trigger pull tension
- Easy to remove "in-line" needle assembly for quick maintenance
- Adjustable needle packing and "balanced" air valve design
- Solid forged gun body for maximum durability and longer life
- Stainless steel fluid passages with tungsten carbide seats
- Gun handles Solvent and Waterborne coatings as standard
- Standard flat tip AND Twist tip cleaner available with a wide range of tips from .007" (0.18mm) to .035" (0.89mm)

Typical applications -

- Wooden Joinery and furniture
- Off road vehicles
- Aircraft
- Commercial vehicle chassis
- Skips and trailers
