Short Description

Atomex 218070 replacement Airless Spray Gun repair kit for the old Graco Contractor, Graco FTx & Atomex

HSP airless spray guns. Made in the USA.

Description

Airless spray guns will require periodic service, over time and after many trigger pulls the carbide ball at the end of the needle will wear against seat on the diffuser. This will cause paint to leak or spit from the tip when you let go of the trigger.

Replacing the needle and diffuser (gun kit) is a normal part of airless sprayer maintenance and should be done as required. Keep a spare kit in your tool box to reduce down time on the job.

Gun Repair Kit will suit the following model guns –

Graco Contractor Models: 238350, 824004, 239045

Atomex HSP Airless Spray Gun: AX/00-250-000

Atomex Part No. AX/G218-070

Replaces Graco Part No. 218070

This gun repair kit will fit into guns that look like this
