Short Description

Atomex 218143 replacement Airless Spray Gun repair kit for the old Silver Gun and Flex airless spray guns. Made in the USA.

Description

Airless spray guns will require periodic service, over time and after many trigger pulls the carbide ball at the end of the needle will wear against seat on the diffuser. This will cause paint to leak or spit from the tip when you let go of the trigger.

Replacing the needle and diffuser (gun kit) is a normal part of airless sprayer maintenance and should be done as required. Keep a spare kit in your tool box to reduce down time on the job.

Gun Repair Kit will suit the following model guns -

Graco Silver Gun: 208327, 208663, 208664, 220954, 220954, 222668
