Short Description

Graco Hydra Automatic Airless Spray Guns are single acting automatic spray guns predominately used for line marking trucks and Graco Roadlazer series line markers.

Description

The Graco Hydra Automatic Airless Spray Gun is a single acting automatic airless spray gun that is widely used on line marking trucks. Stainless steel construction is ideal for waterborne line marking paint and these guns comes in a variety of internal configurations.

The Graco Hydra Automatic Airless Spray Gun can be used in circulating and non-circulating systems, the head on the gun has a 1/4" port with plug which can be removed for use in circulating fluid systems. Please note that this gun does not include a spray tip or spray tip guard.
