**\$284.19**  
**INCL. GST**

## Product Images

## Short Description

Atomex D1800 Adapter Connecting Rod is used between the Graco Viscount II Hydraulic Motors to connect an Atomex D1800 line marking truck pump.

## Description

---

Atomex D1800 Adapter connecting rod is fitted to the end of the hydraulic shaft on the Graco Viscount II hydraulic motor.

The adaptor screws onto the shaft of the hydraulic motor and is required if you want to fit an Atomex D1800 fluid section.

### Compatible with the following components -

- Graco Viscount II Hydraulic Motor
- Atomex D1800 430cc Displacement Pump

Atomex Part No. AX/G184-595-D1800
