Product Images

Short Description

Atomex AX/GM-20001 Suction Valve Complete includes sealing washer. Suction valve gap is preset and requires no adjustment.

Description

Atomex AX/GM-20001 suction valve complete includes sealing washer. The valve gap is preset and does not require any adjustment, simply remove the old valve (making sure the sealing washer is removed from the head) and refit the new valve.

Apply marine or equivalent grease to the threads and ensure the sealing washer is fitted to the suction valve before fitting.

This part will suit the following model airless sprayers -

- Atomex GM-20E Airless Sprayer

Atomex Part No AX/GM-20001
