Short Description

Atomex In-Line Low Pressure paint filter with 3/8" male-female fittings can be used on pressure feed spray guns and pressure pots to eliminate debris and rubbish from paint finishes.

Description

Atomex In-Line Low Pressure paint filter with 3/8" male-female fittings can be used on pressure feed spray guns and pressure pots to eliminate debris and rubbish from paint finishes.

The Atomex AX/14-500-005 in-line low pressure filter includes -

- 1 x AX/14-500-010 White 60 Mesh Filter
- 1 x AX/14-500-015 Blue 112 Mesh Filter
- 1 x AX/14-500-010 Green 280 Mesh Filter

In-line filters can be fitted directly onto a pressure feed spray gun between the hose and the gun. In-line filters can also be fitted to the outlet of your pressure pot before the fluid hose to eliminate rubbish and debris in your painted finishes.

Atomex Part No. AX/14-500-005
