Short Description

Atomex Spray Gun Mini Air Regulator With Gauge will fit all brands of air spray gun including Sata, DeVilbiss, Iwata & Atomex.

Description

Atomex Spray Gun Mini Air Regulator With Gauge comes in 1/4" Male/Female fittings that will attached directly to your spray gun.

The compact and light weight design of this mini air regulator will allow you to precisely control the air flow to the spray gun.

The 30mm gauge has PSI & BAR pressure increments to set your air spray gun pressure accurately.

Atomex mini air regulators are a must for anyone that requires precise air adjustment when spray painting.

Atomex Part No. AX/14-950-001
