Short Description

Nitto Purge Plug PH Hose Tail for compressed air connections eliminate unpleasant noise on disconnection of coupling and reduce dangerous hose whipping.

Description

Nitto compressed air fittings have excellent durability and application characteristics that handle a wide range of industrial and plant applications.

Nitto Purge Plug PH Hose Tail –

- The remaining pressurised air inside the hose is gradually released on disconnection of Cuplas, which solves the unpleasant noise and reaction of hose (hose whip).
- Original purging design allows remaining pressurised air to exhaust quickly and silently.
- Original simple purge structure is superior in durability.
- Can be used with reliability, even when the pressure is high or the hose is long.

Nitto Purge Plug PH Hose Tail are available in –

- PV-20PH with 1/4" Hose Tail
- PV-30PH with 3/8" Hose Tail
- PV-40PH with 1/2" Hose Tail
