Short Description

Nitto Dusta Cupla PH Socket Hose Tail for compressed air connections are available in DCS-20PH, DCS-30PH & DCS-40PH. Nitto Dusta Cupla have a purge button to remove dust and water from the coupling without disconnection.

Description

Nitto Dusta Cupla PH Socket Hose Tail perform three functions in one, hose cupla for quick connection and disconnection, dusting function to remove dust and water from airline and a ball bearing swivel to eliminate hose twisting while reducing operator fatigue on the tool.

Nitto Dusta Cupla PH Socket Hose Tail features –

- Improves working efficiency by enabling dusting while tool is still connected.
- Ball bearing swivel mechanism eliminates hose twisting and reduces load on hands.
- Application of pressure balance valve enables easier Duster button control.
- Emptying drain before starting work is also simple.

Nitto Dusta Cupla PH Socket Hose Tail are available in –

- DCS-20PH Socket with 1/4" Hose Tail
- DCS-30PH Socket with 3/8" Hose Tail
- DCS-40PH Socket with 1/2" Hose Tail
