Short Description

Nitto Hi-Cupla Ace lightweight hose connectors include safety lock system and are suitable for compressed air, water and inert gases. Plastic coupling and adapter system will reduce the chance of damage when in contact with tools or equipment.

Description

Nitto Hi-Cupla Ace lightweight hose connectors are made from a high impact plastic and very distinctive in the yellow and grey colour combination.

Designed to reduce weight they are especially useful when working with high value products and paint finishes where a normal steel coupling system could damage equipment or painted surfaces.

Nitto Hi-Cupla Ace Series Plastic Safety air fittings features –

- The weight is a quarter of steel Hi-Cuplas for easy handling.
- A built-in 'lock mechanism' to lock the sleeve when connected, thus prevents accidental detachment.
- Just push plug into socket for simple connection.
- Can be used for air, water and inert gases.
- Plastic body will cause minimum risk of damage even when in contact with tools or equipment.
- Air flows in either direction from plug or from socket side when coupled.

Nitto Part No. NKA/HA-T
