Short Description

Nitto Super Cupla Plug/Socket Conversion converts Super Cupla to Hi-Cupla when using smaller pneumatic tools on a conventional Hi-Cupla compressed air system.

Description

Nitto Super Cupla are designed small & compact for compressed air connections used on small pneumatic tools, medical and scientific applications.

Made in Japan these high quality compact compressed air fittings feature –

- Lightweight design suits direct connection to pneumatic tools.
Aluminum body is adopted for some models to reduce the weight.
- Just push the plug into socket for easy one hand connection.
- Available in various end configurations for a wide range of pneumatic applications.
- Model 02S20P can be connected with sockets of Hi Cupla models 20, 30 and 40.

Nitto Super Cupla Plug/Socket Conversion to Hi-Cupla are available in –

- 02S20P Super Cupla Socket x Hi-Cupla Plug
