## Product Images

## Short Description

Nitto Cube Cupla SM Socket Male Thread are suitable for medical, scientific and beverage equipment with a one touch action for connection and disconnection.

## Description

---

Nitto Cube Cupla SM Socket Male Thread are suitable for medical, scientific and beverage equipment with a one touch action for connection and disconnection.

Nitto Cube Cupla are a lightweight compact air & fluid coupling systems primarily uses in medical, scientific and beverage applications. Fluid flow can be in either direction but when using fluid you would need to choose plug or socket with an in-built valve.

Both plug and sockets can be purchased with in built valves however built in valve sockets can not be connected with valve-less plugs.

Nitto Cube Cupla SM Socket Male Thread feature –

- Compact design for space saving
- Just push plug into socket for connection
- Can be connected with plug and socket of Cube Cupla of the same type regardless of end configurations. However, built-in valve sockets cannot be connected with valve-less plugs, only push the button on the socket for disconnection

Nitto Cube Cupla SM Socket Male Thread are available in -

- SPC-10SM Socket 1/8" Male BSP Thread
- SPC-10SM-VL Plug (No Valve) 1/8" Male BSP Thread

AA Spray stock a full range of Nitto Air Fittings with fast delivery Australia wide!
