Short Description

Spring clamps are commonly used in low pressure applications as they have a constant tension spring band which will expand and retract with hose temperature. Used in a wide variety of automotive, spray painting & industrial applications.

Description

Spring clamps are made from zinc plated steel and can be easily removed and refitted. The smooth band will not damage the hose like worm-drive clamps and are ideal for low pressure applications

Spring Clamps feature –

- Steel construction with zinc plating to resist corrosion
- Easy to fit and remove
- Will not damage hoses

Spring Hose Clamps are available in the following sizes–

- 8mm Spring Hose Clamp Part No. AX/12-909-005
- 10mm Spring Hose Clamp Part No. AX/12-909-010
- 11mm Spring Hose Clamp Part No. AX/12-909-015
- 12mm Spring Hose Clamp Part No. AX/12-909-020
- 13mm Spring Hose Clamp Part No. AX/12-909-025

AA Spray stock a full range of spring hose clamps, pinch-on double ear clamps, worm clamps and super clamps to suit a wide range of compressed air hose and industrial hose applications.
