Short Description

Pinch-On Double Ear Hose Clamps have become a popular way of clamping hoses to hose fittings. This simple and effective clamping solution is very reliable and tends to reduce leaks in hose connections that is common with worm drive clamps.

Description

Pinch-On Double Ear Hose Clamp design allows for quick and easy installation using either the pinch tools or more commonly done with side cutters. Once the clamp is slid over the hose material with the fitting inserted, each of the double ears are squeezed together and compressed making the band fit tightly around the hose material.

Pinch-On Double Ear Hose Clamps feature –

- Steel construction with zinc plating to resist corrosion
- Easy to fit using pinch tool or side cutters
- Tend to not leak or loosen like worm drive clamps
- Slim fit over hose connections
- Non-reusable and tampering is easily visible

How to choose the correct size double ear clamp

Select the nominal size nearest to but always larger than the outside diameter of the hose you wish to clamp. You should first insert the fitting barb into the hose you wish to clamp and check the outside diameter.

Pinch-On Double Ear Hose Clamps are available in the following sizes -

5-7mm (1/4") Double Ear Clamp	Part No. AX/12-909-205
-------------------------------	------------------------

7-9mm (5/16") Double Ear Clamp	Part No. AX/12-909-210
--------------------------------	------------------------

9-11mm (7/16") Double Ear Clamp	Part No. AX/12-909-215
---------------------------------	------------------------

11-13mm (1/2") Double Ear Clamp	Part No. AX/12-909-220
---------------------------------	------------------------

13-15mm (9/16") Double Ear Clamp	Part No. AX/12-909-225
----------------------------------	------------------------

15-18mm (5/8") Double Ear Clamp	Part No. AX/12-909-230
---------------------------------	------------------------

17-20mm (3/4") Double Ear Clamp	Part No. AX/12-909-235
---------------------------------	------------------------

20-23mm (7/8") Double Ear Clamp	Part No. AX/12-909-240
---------------------------------	------------------------

22-25mm (15/16") Double Ear Clamp	Part No. AX/12-909-245
-----------------------------------	------------------------

23-27mm (1") Double Ear Clamp	Part No. AX/12-909-250
-------------------------------	------------------------
