Short Description

Atomex AB215 Mini Spray Gun 0.3mm with 150cc Side Mount Gravity Pot can swivel 360° allowing fine spraying at difficult angles. The fine 0.3mm nozzle will produce airbrush quality spraying from a mini spray gun.

Description

Mini spray guns are used for a wide variety of art work from decorating cakes to wild murals on motor cycle tanks, the conventional spray gun shape of the AB215 can be great when spraying larger areas with a fine spray application.

Atomex offers a variety of airbrushes & airbrush accessories suited for many applications including model aircraft, nail art and t-shirt design.

Atomex AB215 Mini Spray Gun 0.3mm includes the following –

- Mini spray gun with double action trigger
- 0.3mm Fine Tip
- Side mount gravity cup 150cc capacity - Includes lid
- Adjustable spray pattern control
- Adjustable fluid control
- 1/4" BSP air inlet
- Working pressure 30psi
- Air consumption 1.6 - 4 scfm
- 12 Months Warranty

Atomex Part No. AX/14-100-102
