Short Description

Atomex Airbrush Air Regulator 1/8" BSP Hose Fit is designed for use with airbrushes making it easy to adjust the air inlet pressure at the brush. Suitable for 1/8" BSP airbrushes and hose connections only.

Description

Atomex airbrush air regulator will make adjusting the air inlet pressure a breeze, simply twist the collar on the fitting to reduce the pressure or increase the pressure allowing finite air control at the nozzle.

Atomex Part No. AX/14-100-009
