Sundström 

Short Description

The Sundstrom SR900 Half Face TPE (thermoplastic elastomer) Respirator is a negative pressure face mask

suitable for heavy-duty work during extended periods. The respirator can be easily configured for filters, PAPR, supplied air, as well as a remote filter holder mounted on the waist belt.

Description

Sundstrom offer world class respiratory protection equipment leading the industry with products made in Sweden since 1926. Sundstrom products are widely used and trusted within the spray painting industry protecting applicators from the harmful effects of paint over spray.

The Sundstrom SR 900 is a completely new system where the user can easily customise the product based on site requirement and needs. The respirator can be easily configured for filters, PAPR, supplied air, as well as a remote filter holder mounted on the waist belt.

Sundstrom SR900 Half Face Respirator features –

- Mask body of TPE (thermoplastic elastomer)
- Deep chin cup and broad nose rim
- Two exhalation valves
- New valve caps with air diffusion (no clogging during spray jobs)
- Continuous head strap or cradle harness
- Can easily be fitted with optional SmallTalk microphone and loudspeaker
- Accepts all Sundström filters and compressed air attachments
- Detachable filter holder allows direct hose attachment
- Choose between single or twin breathing hose
- Use with filters, PAPR or supplied air
- Remote filter holder allows waist-mounted filter behind your back
- Shallow profile – ideal for welding hoods

Sundstrom SR900 Half Face Respirator is available in three sizes –

Part No. H01-3012 SR900 Small

Part No. H01-3112 SR900 Medium

Part No. H01-3212 SR900 Large

Please note – The Sundstrom SR900 does not include filters, these will need to be purchased separately.

AA Spray stock a full range of spray painting respiratory safety gear from disposable masks, half-face respirators and full face positive air feed masks for enclosed spray booth applications.
