

# Analogue Dual Scale Tyre Inflator with Deflator

**\$136.13**  
**INCL. GST**

## Product Images

## Short Description

Professional Analogue Dual Scale Tyre Inflator with Deflator is commonly used by petrol stations because of the robust design. Suitable for all tyre inflation and deflation applications up to 150psi maximum pressure.

## Description

---

Professional analogue dual scale tyre inflator is great for fast and accurate inflation or deflation of all types of tyres. The robust design and flexible hose to the tyre chuck make this one of the most common tyre inflators sold in Australia.

Analogue Dual Scale Tyre Inflator with Deflator features –

- Dual scale analogue gauge inKPA& PSI
- Easy to read pressure gauge
- Ergonomic hand grip and trigger
- Flexible spring guarded hose to extended dual chuck
- Extremely robust design widely used by petrol stations
- 1/4" Female BSP air inlet port
