Short Description

Binks 41-818831 1/2" Acetal Short Stroke Double diaphragm pump features PTFE Diaphragms, 316 Stainless Steel Balls & Check Valve Seats. Short stroke pump has an optimized diaphragm design and reduction in stroke length to provide efficient pump changeover and is ideal for low pressure spraying applications.

Description

Binks Gemini II short stroke air operated double diaphragm pumps bring fluid transfer to the next level with 27% more fluid per stroke than previous models resulting in longer equipment life and lower maintenance costs.

The Binks Gemini II Short Stroke diaphragm pump has been engineered specifically for low pressure spray applications resulting in less pulsation and smoother consistent spray pattern.

Binks Gemini II 1/2" Acetal Short Stroke Diaphragm Pump features –

- Short stroke optimized diaphragm design
- Less pulsation
- Bonded diaphragm increased durability
- All bolted construction
- Fully groundable
- Inlet & outlet ports rotate 90° increments
- Inlet & outlet ports are internally and externally threaded
- Positive priming check valve
- Durable diaphragm connection rod
- Variable delivery rate from 0-100psi
- Externally serviceable pilot and main valve while pump is installed
- Pump shear-sensitive materials
- Run dry without damage
- CE & ATEX certified
- 5 Year Warranty
- Made in the USA

Application –

Binks Gemini II Diaphragm Pumps are the premier pumps for spraying, transferring, or circulating a variety of coatings. The pump design provides consistent spray patterns for high quality finish applications including Wood, General Metal Fabrication, and Adhesives. The Gemini II pumps are rugged and designed to provide longer pump life for a variety of materials* and viscosities.

* Always check pump wetted parts are compatible with fluid prior to purchase *

Overview –

Binks Gemini II Series of air operated diaphragm pumps offer a more simplistic range of pumps in Acetal, Aluminium and Stainless Steel to suit a wide variety of material compatibility. Binks are made in the USA with quality components unlike other industry leading brands that have shifted manufacturing to China.

Binks Part No. 41-818831

AA Spray stock a full range of Binks Gemini II Air Operated Double Diaphragm Pumps for fluid transfer, spray and circulation with fast delivery Australia wide.
