Short Description

Iwata AF2010HEAD Air Fed Mask is an Australian/New Zealand compliant air fed mask offering breathing protection for use in enclosed spray painting booths. The Iwata AF2010Head assembly features replaceable visor, headband, face seal with superior comfort and vision

Description

Iwata air fed masks have developed for the professional automotive refinisher with advance design features to ensure comfort, functionality and superior vision while offering air breathing protection compliant with Australian/New Zealand Standard 1716-1994.

Iwata AF2010HEAD Air Fed Mask includes -

- Head/Visor Assembly
- Does not include nape cover or waist belt

Air fed breathing masks must be supplied with filtered compressed air to remove oil, water and contamination using a two stage, three stage or four stage filter system such as the Iwata CFRB & CFRCB. Air must be supplied from the filters to the mask waist belt using only air breathing hose compliant with Australian Standards.

Iwata Part No. C/AF2010HEAD

Made in the U.K.

AA Spray stock a full range of Iwata Air Fed Masks including tear off visor covers, belt filters and replacement activated carbon filters with fast delivery Australia wide.
