Short Description

Iwata AF2007 Carbon Filter is used in the Iwata AF2107C Regulator Belt Assembly and should be changed at least every 12 months.

Description

Iwata AF2007 Carbon filter is located inside the air regulator mounted on the waist belt of your Iwata full face air fed mask kit, changing this filter will increase the air quality that you breathe.

Air fed breathing filter systems require periodic maintenance such as changing filters at least every 12 months or when air quality is noticeably reduced. Don't risk your health, change breathing filters regularly.

Iwata Part No. C/AF2007

Replaces Part No. C/AF2006

AA Spray stock a full range of Iwata Air Fed Masks including tear off visor covers, belt filters and replacement activated carbon filters with fast delivery Australia wide.
