Short Description

The Graco 17P481 Edge II HVLP Spray Gun features the innovative FlexLiner system that allows applicators to spray in a vertical position. Other innovations such as quick release fluid set and optimized air pressure will help you achieve superior spray finishes.

Description

Maximize your spraying performance with the innovative Graco HVLP EDGE II Gun. Cutting edge technology such as intuitive gun controls, Quick Release fluid set, and optimized air pressure and airflow will help you achieve the highest quality finish available in fine finish spraying.

Graco 17P481 Edge II HVLP Spray Gun with FlexLiner has many advanced features and controls such as -

Integrated Flow Control

- Combines material and air flow into one simple control
- Optimized to spray the majority of fine finish applications
- Quick adjustment with 360° rotation and indicator for repeatable spray setting

Adjustable Air Cap

- 3-position rotation to change spray pattern
- Conveniently located at the front of the gun
- Allows more air pressure into the material cup to spray heavier material
- Easily clean and reuse versus replace
- Located by gun to reduce clogged valves due to paint contamination

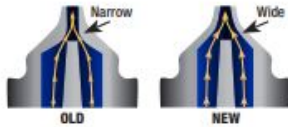

EasyGlide 2-Finger Trigger and Ergonomic Handle

- Trigger has up to 75% lighter pull than competition
- 2-finger trigger design gives more control while spraying
- Form-fitted handle stays cool to the touch for extended use

Quick Release Needle Design

- Change out needles from the front of the gun with just a click
- Easy to change, easy to clean with no tools needed
- Remove front air cap and nozzle
- Slide trigger lever to release needle
- Pull needle out

GRACO-ONLY TECHNOLOGY ON ALL EDGE II AND EDGE II PLUS GUNS:

FINISH JOBS FASTER

- 4X more productivity to finish jobs in 25% less time
- Increased fluid flow in every needle with exclusive Graco air cap design

MAINTENANCE-FREE SPRAYING IN ANY DIRECTION

FlexLiner Bag System
