Short Description

Graco 256956 Check Valve Repair Kit 3 Pack, suitable for Graco Edge, Edge II and Edge II Plus HVLP spray guns with 1 litre metal siphon cups.

Description

Graco 256956 Check Valve Repair Kit 3 Pack, suitable for Graco Edge, Edge II and Edge II Plus HVLP spray guns with 1 litre metal siphon cups.

Check valve repair kits are used in [Graco part no. 256957 check full assembly](#).

The check valve system allows air to flow in only one direction which pressurises the siphon cup but will not let air travel back through the check valve.

These check valves will fail so having a spare set will reduce down time on the job. When a check valve fails the gun will shoot a stream of paint material continuously through the nozzle after you have released the trigger. Replacing the check valve will solve this problem.

Graco Part No. GA/256956

AA Spray stock a full range of Graco HVLP guns, fluid sets, check valves, filters and hoses to suit all models of Graco HVLP Turbine Sprayers with fast delivery Australia wide.
