Short Description

DeVilbiss Advance HD Air Caps are available in Conventional, HVLP & Trans-Tech configurations. Configuration of your DeVilbiss Advance HD spray gun can be easily done by changing the air cap set up.

Description

DeVilbiss Advance HD spray guns are commonly used by automotive, industrial & polyurethane applicators because of the wide range of available needle, nozzle and air cap configurations. No other gun in the market place can be individually configured for specific applications like the DeVilbiss Advance HD spray gun.

DeVilbiss Advance HD Air Caps available -

Please ensure that you choose the correct air cap for the fluid nozzle and fluid needle. Please refer to the product technical manual.

When replacing any fluid nozzle or fluid needle, replace both at the same time. Torque to 9-11Nm. Do not over tighten the fluid nozzle and use SN-28 10mm spanner supplied with the gun and check with a torque wrench.

All fluid nozzles, fluid needles and aircaps are kept in stock, orders placed before 3.30pm Monday-Friday EST will be shipped the same day.
