Description

Graco 240919 Replacement Piston Rod will suit Graco GH200, GH230, GH300, Gmax II 7900 petrol airless sprayers, LineLazer 200HS, 200DC and 250SPS line marking machines.

When replacing packing seals on your pump inspect the piston rod for wear, the piston rod shaft must be true, straight and have no wear marks, ripples or elongated scratches. Any wear or damage to the piston may cause the pump to leak externally or internally and will certainly reduce the life of your new packing seals.

Graco 240919 Replacement Piston Rod can only be used in standard pumps, the rod can not be used in Graco Pro-Contractor pumps.

Precision made in the USA.
