Product Images

Short Description

Graco 195551 Power Adapter Retainer is used to retain the old style power cord adapter (242005) to the machine power cord socket. Used on all Graco electric airless sprayers and HVLP turbines with 10amp 240v motors up to about 2018.

Description

Graco 195551 Power Adapter Retainer (For Old Style Plug) was used on all Graco electric airless sprayers and HVLP turbines with 10amp 240v motors up to about 2018. The power adapter retainer was designed for use with the old style power adapter [242005](#).

Helpful hint - If you find that your retainer keeps coming off the power cord or power cord adapter, simply zip tie each end of the retainer onto the cords. This will stop it from coming off and ensure the plug adapter stays inside the power cord socket.

Graco 242005 Power Adapter Australian Plug Old Style has been replaced by the [new style power adapter](#) which means stock for this item will eventually run out.

Graco Part No. 195551
