Short Description

DeVilbiss SSL-10 Spray Gun Lube 2oz bottle is suitable for all brands of spray gun. Contains no silicone or

petroleum distillates and is compatible with all paint materials.

Description

DeVilbiss spray gun lube is specially designed for use with all brands of air spray guns. It contains no silicone or petroleum distillates which will not contaminate paint finishes.

Lubricating your spray gun after cleaning is a normal part of daily maintenance, items such as the needle packing seals should be lubricated after cleaning a gun with solvent.

Refer to the manufacturer’s instruction manual of your spray gun for maintenance tips and advice.
