Product Images

Short Description

Atomex AX/GM-60046A Motor Capacitor all models of Atomex GM-60, GM-70G and LM-70. Will also suit Oldfields and Seiwa Airless Sprayers.

Description

Atomex AX/GM-60046A Motor Capacitor can only be used with GM-60E electric airless sprayers. Motor capacitor should be replaced if your electric motor "hums" when power is switched on and the motor will not start. If your capacitor is faulty avoid starting the motor by spinning the fan, this can be dangerous and may cause damage to the electric motor.

Motor capacitors should be changed only by qualified technicians.

Atomex Part No. AX/GM-60046A
