Description

The RTX 5500PX is configured for the large residential and commercial contractor needing a compact yet powerful texture sprayer capable of handling a wide variety of materials, such as synthetic stuccos, deck coatings, stone paints and more.

Graco 17K680 TexSpray RTX1500 Texture Sprayer features –

240 Volt AC High-Output Electric Motor

- Connects to standard 220-240 Volt L6-30 receptacles (3 wire) on most distribution boxes or generators
- Allows for trouble-free use of long extension cords with less circuit breaker issues

Jobsite-Proven RotoFlex HD Pump

- Features an innovative braided sling that provides extra support to the RotoFlex pump tube
- 5.5 gpm (21 lpm) output to get the job done quickly

SmartStart System

- Trigger-Activated Power
- Automatically start & stop the pump and compressor
- Soft-start eliminates material blasts to ensure a quality finish
- Reduces noise and vibration while extending pump and compressor life

Twin-Cylinder Air Compressor

- More Air for Demanding Finishes
- High-output, maintenance-free design runs at lower RPM for longer life

External Air Input

- Added Air Capability
- Allows external air to be used for demanding finishes

Heavy-Duty Material/Air Hose

- Improved Handling & Flexibility
- Both hoses are permanently bonded together for easy handling

FlexChange Pump Section

- Eliminate Costly Downtime
- Swap your RotoFlex pump in seconds - no tools required

Adjustable Material Flow Control

- Maximum Control
- Quickly adjust material flow up or down with easy-to-read gauge

Heavy-Duty Aluminum Trigger Gun

- Total Spray Control
- Select prime mode at the gun with Integrated Prime Selector
- Spray more material longer with durable aluminum design & oversized passages

WideTex with Hardened Tips & Adapter

- Increase Productivity by Over 20%
- Spray uniform, repeatable patterns with less material and pressure adjustment

- 2X harder than Standard WideTex tips

Graco Part No. 17K680

Replaces the Graco RTX1500
