Description

Wagner 2399767 Control Pro 150 Outlet Valve Kit is required when servicing your Control Pro 150. Worn outlet valves should be replaced if your sprayer will not hold pressure.

It is recommended to change the Inlet Valve ([part no. 2399783](#)) at the same time as these valves will both wear at the same rate. Replacing your [Control Pro Spray Tip](#) is also a must, if your sprayer has reached the point of use where it needs to be serviced your spray tip is most likely worn.

Wagner 2399767 Outlet Valve Kit includes both items shown in location 2 -

SPRAYER

Wagner 2399767 Outlet Valve Kit is used with the following models -

Wagner Control Pro 150

Wagner Part No. 2399767
