## Product Images

## Short Description

Shieldcoat Shieldseal CT401 is formulated to penetrate, seal, prime and fill badly weathered and pitted concrete tiles in preparation for the Roofbond Membrane or Thermobond HRC roof coating systems.

## Description

---

# Shieldseal CT401

Shieldcoat Shieldseal CT401 is a premium water based acrylic sealer / primer with superior filling and sealing properties. The new formula is an evolution of the Shieldseal W formula, providing advanced fade resistant technology, which repels unnecessary calcium salts that naturally leech from the tile. The pure acrylic resin used in Shieldseal CT401 contains adhesion promoters and it's fine particles ensure deep penetration into the surface of the tile.
