## Description

---

Graco 25U454 Kit MMA Static Mixer is designed to be used with the Graco Fusion PC MMA Gun to add additional material mixing before the spray tip. Static Mixer attachment includes a 12 pack of disposable mixing elements and a flush container.

Static mixer attachment may be helpful when spraying in colder weather or may assist with issues such as the product not drying on the inside or the outside of the line being sprayed. The static mixer will need to be removed during operation and periodically cleaned with solvent, the frequency of this will be determined by the operator depending on temperature and brand of MMA being used.
